Please bring signed forms to Room 218, Kerchof Hall

DECLARATION OF MATHEMATICS MINOR

TO BE COMPLETED BY STUDENT:

Student's Name (print): _____
LAST
FIRST
MI

University ID Number: _____ Expected Graduation Date: _____

School: _____ Major: _____

I hereby apply for a mathematics minor. I submit the following program of at least 15 semester hours; none of them to be taken on a credit/no-credit basis.

Course Prefix	Course Number	Course Title	Fall	Spring	Summer	Year

Student's Signature: _____

Department Authorization: _____ Date: _____

Requirements for Minor in Mathematics

Students who wish to declare a minor in mathematics must complete the calculus sequence through MATH 2310 or its equivalent with at least a 2.000 average.

To graduate with a minor in mathematics a student must complete five courses approved by the Department of Mathematics with minimum grades of C in three of the courses and minimum grades of C- in the other two. An approved course must carry at least three credits. Currently, the approved courses are those from the College Department of Mathematics with the MATH mnemonic numbered 3000 or higher. Either MATH 3310 or MATH 3354 should be one of the five approved courses. Courses with the APMA and STAT mnemonics, as well as courses from other departments or institutions, can be taken if approved by the undergraduate committee.

College policy for minors includes: (1) Credits applied toward a minor may not also count toward completion of a major, unless one or both of the programs is interdisciplinary, and (2) students may not declare two minors.

Up to two courses that are taken from outside the University and which are equivalent to College mathematics courses may be offered for the College mathematics minor.
